Public Education.

Public education is the most important topic of these times. Men have been giving their attention to politics but the election is now over.

There is another campaign which should never end, and which has a far more important purpose. It is the campaign of education; the organized effort promoted by the leading women of our state to secure to every child his God-given right of education. The desire to know belongs to the human mind and it is only necessary to give this desire a chance, and every community will steadily grow in general intelligence. Our generation will surpass the preceding one, both in knowledge and in power. To this end our schools must be taught by the best teachers, not those who are left over and can find nothing else to do, but by those who love to teach and are prepared for it.

In the days of Queen Elizabeth, Roger Ascham wrote, 'that many a father who owned a fine horse, in which he took great pride, was also the possessor of a son, who was a steady grief, and, said this wise old English teacher, there is little wonder, for they are at infinite pains to provide a suitable trainer for the horse, but are usually satisfied that one far less competent should carry on the training of their sons.' They reap the reward of their folly: horses of which they may be proud and which bring them honor, and sons of whom they are ashamed and which bring them disgrace.

There are still men who give more time and thought to the training of their horses than to the education of their children, and who are willing to spend dollars for the horse to pennies for the child. But the painful lack of right relation in things is not general, and the public thought and the public conscience is steadily coming to a greater appreciation of the uses and value of education.

Education means much to any community, but for some communities it is the very breath of life, and the moment they begin to fail in their duty to this sacred cause, they enter the way of death. The most abundant life is that which comes to men who devote themselves to the highest things, and prepare themselves fully for the work to which they are called. Education is often the magic word which unfolds to a youth the vision of his life, and gives him the model and the perseverance to make a reality of his high vision.

The common school is the channel through which this course of blessing finds its way. Every patriot and every friend of his kind must rejoice in its advancement.

A gigantic corporation has been organized in New York for the purpose of controlling the retail business of the country.

The plan is to put a general store in every good business town of the United States, have buyers for all the stores, take the entire output of factories in certain lines, put the prices so that the independent retailer will be compelled to quit business, and then the result will be to make you just such prices as they choose after they have crushed out the independent retailer.

Once upon a time a minister told a story like this: "On one occasion I preached to a congregation where there were 57 women and 4 men present. This was at prayermeeting. On another occasion I preached to 816 men and 3 women—this was in the State penitentiary."

Secretary of the Treasury Cortelyou has issued \$50,000,000 of Panama bonds and \$100,000,000 of certificates of indebtedness for the relief of the financial stringency. The issue, it is the general opinion, is bound to have beneficial results.

Banks Must Pay.

The Court of Appeals on Friday decided that for the year 1906 national banks must pay taxes on their shares of stock as contemplated by the Legislative act of that year, and that in ar-

riving at the value of said shares the banks will not be allowed to deduct the value of their Government bonds from their assets.

It was argued that if the banks were allowed to deduct their government bonds, there would be nothing left to tax.

The Rev. Irl R. Hicks publications are known from ocean to ocean. His weather forecasts are sought after by all classes. The only way to get them is from his own publications; no others are permitted to publish them, either with or without credit. See the ad of this famous publication in another column and send for the almanac.

ANNOUNCEMENTS.

For County Clerk.

We are authorized to announce CHAS. EWEY candidate for County Court Clerk, subject to the action of the Democratic party.

For Jailor.

We are authorized to announce JOHN P. GAYLORD candidate for Jailor, subject to the action of the Democratic party.

Bryan on the Panic.

William Jennings Bryan, twice the standard bearer of the Democratic party for the presidency, speaking to an audience of 3,000 Democrats at the Jackson club banquet, Lafayette, Ind., declared with much fervor that President Roosevelt should not be held responsible for the present financial stringency. The blame, he said, should be laid at door of Wall street gamblers. Mr. Bryan said that the man who would withdraw money on deposit from the banks at the present time for hoarding purposes, was like to a man who refused to aid his country in time of war. The Nebraskan also spoke in favor of postal savings banks in preference to an asset currency. He did not refer specifically to the next Democratic national platform, as it was reported by some that he would. Referring to present financial conditions, Mr. Bryan said: "We are in the midst of a financial stringency that is in some respects more acute than that of 1893. I am not going to blame the president or a Republican administration, but I know who would be blamed if I were president. If I were president, every crossroads Republican would be blaming me. The panic of 1873 came 12 years after they took power, and 11 years before they surrendered power to the Democrats. I am not going to blame the president because I do not think blame should be laid at his door. I'm going to do him the justice to say I won't join the chorns of Eastern financiers, who want to make him the scapegoat. Those who violate the law should be blamed, not those who have turned on the light recently.

"There is no excuse for the people to be afraid that their brinks are not solvent. Our barns are bursting with the products of the field. What is the cause

of the panic? Who is to blame? The Republican leaders who had control of the country for 47 years. They have so chained us to Wall street that when a Wall street gambler falls, our business world trembles all over the country. "The common people and not the Wall street gamblers should handle this situation. The man who will draw out his money now when he does not need it is in the same class as the man who would refuse to aid his country in time of war. This is a time when great patriotism is needed."

To-day is Thanksgiving, a day set apart each year for all the people of our productive land to give thanks to God our giver of all blessings, for the many things he has so generously bestowed upon us. Nothing is more befitting to us all than a strict observance of today as a day of real Thanksgiving. How different many people observe the day. This should not change the real purpose of the day nor lessen our desire to correctly observe the day. The farmers have double reasons to be thankful for at this time of the year, our crops are harvested and our larders are filled, and if we have been right industrious, we should have our winter fuel provided and feed stored in our barns.

Few Here Know This.

When an eminent authority announced in the Scranton (Pa.) Times that he had found a new way to treat that dread American disease, Rheumatism, with just common, every-day drugs found in any drug store, the physicians were slow indeed to attach much importance to his claims. This was only a few months ago. Today nearly every newspaper in the country, even the metropolitan dailies, is announcing it and the splendid results achieved. It is so simple that any one can prepare it at home at small cost. It is made up as follows: Get from any good prescription pharmacy Fluid Extract Dandelion, one-half ounce; Compound Kurgon, one ounce; Compound Syrup Sarsaparilla, three ounces. Mix by shaking in a bottle and take in teaspoonful doses after each meal and at bedtime. These are all simple ingredients, making an absolutely harmless home remedy at little cost.

Rheumatism as every one knows, is a symptom of deranged kidneys. It is a condition produced by the failure of the kidneys to properly filter or strain from the blood the uric acid and other matter which, if not eliminated, either in the urine or through the skin pores, remains in the blood, decomposes and forms about the joints and muscles, causing the untold suffering and deformity of rheumatism.

This prescription is said to be a splendid healing, cleansing and invigorating tonic to the kidneys, and gives almost immediate relief in all forms of bladder and urinary troubles and backache. He also warns people in a leading New York paper against the discriminate use of many patent medicines.

Many a man would rather lie when asked for information than say, "I don't know."

About 13 thousand acres are devoted to onion culture in the United States. This year's crop is estimated at 2,626,250 bushels. The general average yield is about 280 bushels an acre. As a rule highest prices prevail during the month of April.

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

LOCAL BREVITIES.

J. B. Eaton was in Lexington on business Tuesday.

Misses Moody and Mary Tuttle, of Trapp, are visiting Miss Patsy Bush.

Miss Margaret Briggs, of Bloomfield, is visiting Miss Ouida Littlepage.

Asa Barrow, of Hedges, was the guest of his cousin, Judge T. J. Fletcher, Monday night.

Elder B. S. Burgher, of Winchester, visited relatives in the city Thursday and Friday.

Jas. B. Hall, one of Clay City's former citizens, was here from Lexington bird hunting this week.

H. C. Ogle, Sr., of Paris, delivered a large quantity of nursery stock to Powell county patrons last week.

James Harrison, who went from here to Hamilton, Ohio, last spring has returned home. He says work has become scarce at that place.

E. N. Wilson, who has been employed at Beattyville for quite a while, is spending a few days with home folks.

Miss Mabel Pollitt, of Lexington, is here to spend Thanksgiving with her roommate in college, Miss Mary Shimmessell.

We have had some nice hog killing weather the past week, and many a porker has suffered death as a consequence.

It is estimated that the entire yield of White Burley tobacco this year is 176,000,000 pounds. Of this amount Kentucky produced 152,661,000.

Circuit Court is still in session at Stanton and so far has been a very busy session and will likely consume the full two weeks the limit of the term.

W. G. Darwin, who has been at Monterey, Tenn., for several weeks, has returned home. His father whom he first went to see died while he was there.

Miss Mary Shimmessell, who is attending Kentucky State College at Lexington, came home Tuesday to spend Thanksgiving with home folks.

George W. Anderson, Jr. has assumed control of the livery stable. George is a hustling fellow, and we predict success in his new venture for him.

J. B. Eaton's sale was well attended last Thursday and all kinds of live stock sold well. The bidding was very liberal notwithstanding the stringency of money matters.

The Ladies' Aid Society of the Presbyterian Church will have an oyster supper and their annual Bazar in Mrs. Russell's sample room on Saturday, December 14th. In the afternoon and at night.

The state of Washington reports the largest apple crop in its history. The bearing trees number over three and one half million. The three counties leading in

production are Spokane, Yakima and Adams.

A bounty of two cents a head for the English sparrow is paid by the state treasurer of Michigan. Over one hundred and five thousand sparrows have been killed since the law went into effect, October 1, 1906.

The Republicans will contest the election in the Lexington city offices. Of course though this party never believes in contests and think it terrible because Taylor was robbed of his office. It depends altogether on whose ox is gored with them.

A good newspaper can carry your ad into the privacy of the home, where it will find a welcome. No other medium can do this. Circulars in sealed envelopes may get in; tramps in disguise sometimes get in, too; but both find their way out in a crumpled, crushed condition.

A Significant Prayer.

"May the Lord help you make Bucklen's Arnica Salve known to all," writes J. G. Jenkins, of Chapel Hill, N. C. It quickly took the pain out of a felon for me and cured it in a wonderfully short time. Best on earth for sores, burns and wounds. 25c at Swann-Day Lumber Co.'s store.

Name Them Please.

A certain man at this postoffice five years ago requested us to send him our paper, saying he would hand us the subscription price in a few days. We sent it from that date till last week, and patiently waited for the amount due. It hasn't come yet but a few days ago, we received in our box his paper marked, "Refused by ———." This is not the first time—we'll not call them gentlemen, have treated us that way, and nine out of every ten of these have owed us for from three to ten years subscription and everyone of them still owe us.

DIED.

Wm Bellis, Sr. died at his home in this city Monday evening aged eighty-five years. Burial at the public cemetery Tuesday. Deceased was one of the few survivors of the Mexican War.

Appendicitis

Is due in a large measure to abuse of the bowels, by employing drastic purgatives. To avoid all danger, use only Dr. King's New Life Pills, the safe, gentle cleansers and invigorators. Guaranteed to cure headache, biliousness, malaria and jaundice, at Swann-Day Lumber Co.'s store. 25c.

Kentucky Crop Report.

The weather during the month of October was ideal, giving the late planted corn an opportunity to mature before frost. The tobacco crop was saved in good condition; free from frost and damage by being housed during rainy weather. The atmosphere being dry during the housing period but little damage is reported from house burn.

The wheat crop was put in, generally in good condition. The corn land sown to wheat was grassy with some weeds, but with good weather for working the land a good seed bed was secured.

Considering the late and unfavorable weather during the spring and early summer the corn crop has done remarkably well; the estimate being 94 per cent of last year's crop. The estimated acreage seeded to wheat is 91 per cent of last year, but the excellent condition in which the land was prepared before seeding ought to make up for the loss in acreage.

The estimates on the tobacco crop both burley and dark, are very gratifying as the acreage was short of last year 10 per cent in the dark. Grasses show up well. The usual acreage was sown to meadows and condition of old meadows is good.

There is a falling off in numbers of cattle hogs, sheep, but the condition is good.

Indorses Democratic Doctrine.

President Roosevelt indicated to a committee of American newspaper publishers that he will recommend to Congress the abolition of the tariff on press paper, wood pulp and the wood that goes into the manufacture of paper; also that he will make a recommendation to the Department of Justice that it take immediate steps to ascertain whether the antitrust laws are being obeyed by the manufacturers of paper.

He Fought at Gettysburg.

David Parker, of Fayette, N. Y., who lost a foot at Gettysburg, writes: "Electric Bitters have done me more good than any medicine I ever took. For several years I had stomach trouble, and paid out much money for medicine to little purpose, until I began taking Electric Bitters. I would not take \$500 for what they have did for me." Grand tonic for the aged and for female weaknesses. Great alternative and body builder; sure cure for lame back and weak kidneys. Guaranteed at Swann-Day Lumber Co.'s store. 50c.

MARRIED.

John Neal and Miss Myrtle Walters, daughter of Pleas Walters, were married last Thursday afternoon at the home of the bride's father in this city, the Rev. R. A. Irvin officiating.

A Hard Debt to Pay.

"I owe a debt of gratitude that can never be paid off," writes G. S. Clark, of Westfield, Iowa, "for my rescue from death, by Dr. King's New Discovery. Both lungs were so seriously affected that death seemed imminent, when I commenced taking New Discovery. The ominous dry hacking cough quit before the first bottle was used, and two more bottles made a complete cure." Nothing has ever equaled New Discovery for coughs, colds and all throat and lung complaints. Guaranteed by Swann-Day Lumber Co. at their store. 50c and \$1.00. Trial bottle free.

WEEKLY CRIER-JOURNAL

And

THE TIMES

Both one year for only

One Dollar.

The Presidential election is a prouthing. "Times have changed. That is all. Mr. Watterson is a Democrat, and has always been a Democrat, never a Republican. Essential differences out of the way, Democrats are getting together. The Courier-Journal is going to support the ticket. And there you have it."

Send your order for this combination to us—not to the Courier-Journal. The regular price of the Weekly Courier-Journal alone is \$1 a year.
